

IS THE CORE RECHARGEABLE BATTERY COMPATIBLE WITH MY PETZL HEADLAMP?

The CORE rechargeable battery is compatible with the new HYBRID compact headlamps.

The HYBRID concept allows the new headlamps to accept either the CORE rechargeable battery or 3 AAA/LR03 batteries, without an adapter. A practical and flexible solution that allows the user to take advantage of each of these energy sources, depending on use.

To determine whether your headlamp is compatible with the CORE rechargeable battery, follow these simple steps:

1. Open your lamp.
2. Remove the batteries.

3. Inspect the inside of the battery case.

- If the battery case is like the drawing below, then CORE is not compatible with your lamp.

CORE incompatible

- If the battery case is like the drawing below, then CORE is compatible with your lamp.
